

# **BOXBORO HAMVENTION YOUTH OUTREACH EVENT**

**PRESENTED BY THE NASHUA AREA RADIO  
SOCIETY**

**INFORMATION AND PLANS  
AUGUST 20<sup>TH</sup>, 2018**

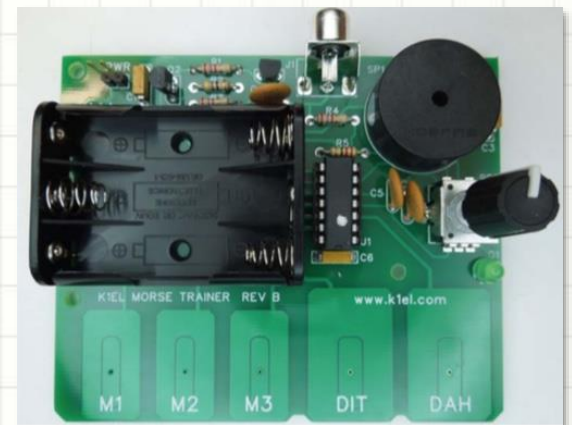

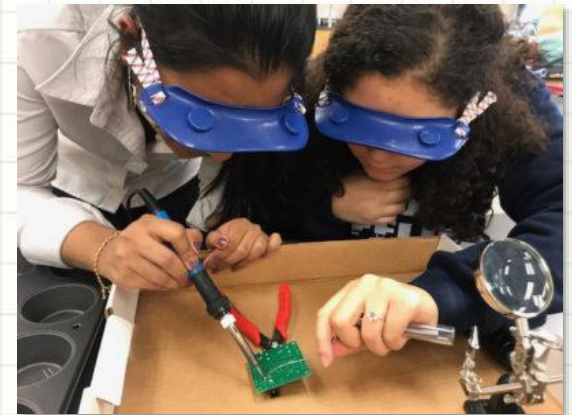

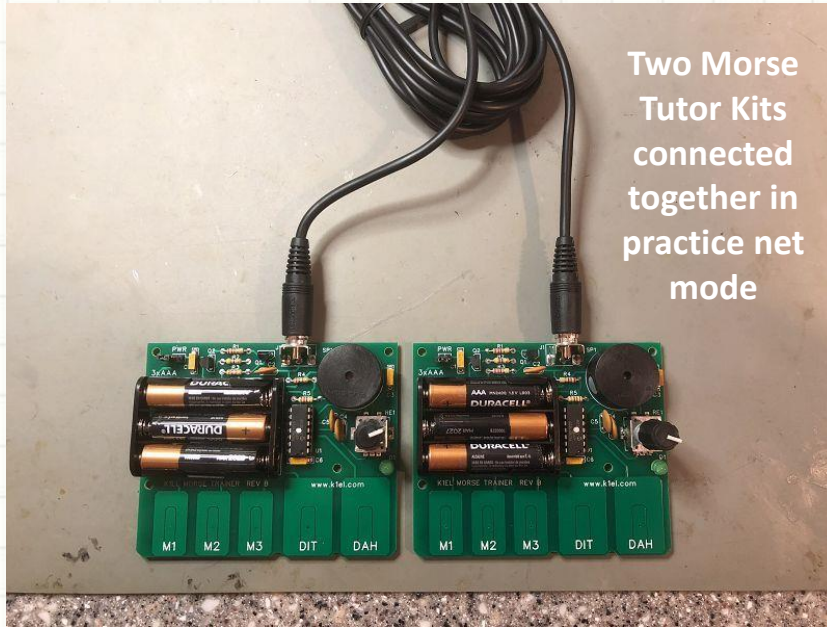

# What will it be like?

- Hands-on Activities include:
  - Satellite GOTA
  - Morse Code
  - Kit Building activity
  - Emcom GOTA
- Effective use of video, display boards, and example gear to cover many aspects of Amateur Radio
- NARS Team staffs all displays and will tailor presentation to young people's individual interests
- "Walk-away" information covers licensing, youth projects, activities, and more
- Follow links for more info ([NEAR-Fest](#), [WPL](#))

# Kit Building Activity

- Inexpensive Morse Tutor Kit can be purchased and built on-site
  - Touch practice keyer developed by Steve Elliot, K1EL for young people and starter Hams
  - Expected cost is ~ \$20 or less, build it in ~ 1 hr.
  - Includes manual and batteries
- NARS will supply soldering equipment and tools
- Will mentor folks on soldering and help with builds
- Builders can try out finished kit as part of Morse Code activity in another part of our display
