Why Post on n1fd.org?

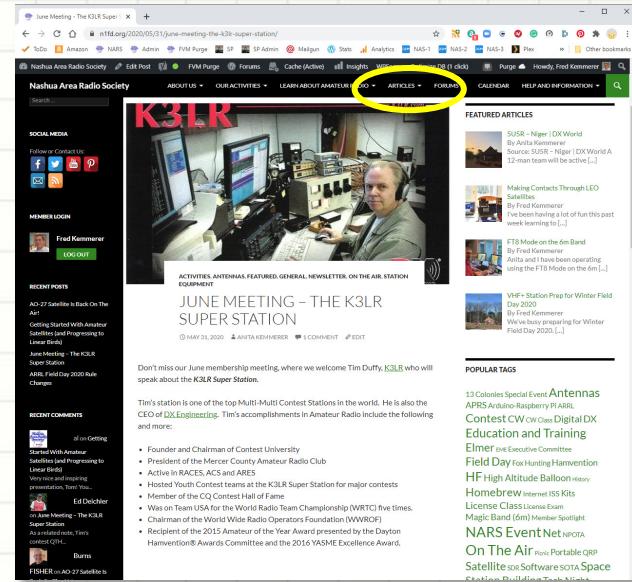

- Share your projects, activities, and ideas with others
 - We have a worldwide audience with an [average of 2K – 3K views/week](#)
- Contribute to the [NARS Monthly Newsletter](#)
- Secure your 2020 Field Day Social Media Bonus
 - All Blog posts are automatically posted on NARS Facebook and Twitter
- Get information out to all NARS members quickly
 - Forum posts result in an email to all members
- Its fun!

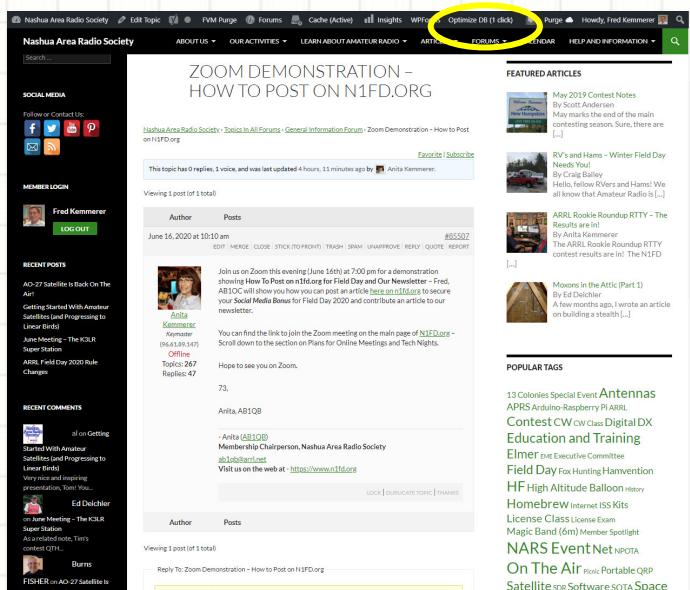

Type of Posts

Blog Posts (Articles)

- Media-rich format. Easy to include pictures, video, and more!
- Best for content having medium to long-term interest
- Articles appear in monthly NARS newsletter
- Articles are automatically cross-posted on NARS Facebook and Twitter
- Appear in search engines (ex. Google)

The screenshot shows a website for the Nashua Area Radio Society. The main navigation bar includes links for 'Edit Post', 'PVM Purge', 'Forums', 'Cache (Active)', 'Insights', 'WPS', 'Optimize DB (1 click)', 'Logout', and 'Howdy, Fred Kemmerer'. The 'ARTICLES' menu item is highlighted with a yellow circle. The page content features a large image of a man in a radio station, a title 'JUNE MEETING – THE K3LR SUPER STATION', and a summary of the event. A sidebar on the right lists 'FEATURED ARTICLES' and 'POPULAR TAGS'.

The screenshot shows a forum post titled 'ZOOM DEMONSTRATION – HOW TO POST ON N1FD.ORG'. The post was made by 'Anita (AB10B)' on June 16, 2020, at 10:10 am. The post content includes a link to a Zoom meeting and instructions on how to post on N1FD.org. The post has 4 replies and 11 minutes ago. The 'FORUMS' menu item is highlighted with a yellow circle. The page also shows a sidebar with 'FEATURED ARTICLES' and 'POPULAR TAGS'.

Forum Posts

- Simple, text centric posts (can also include limited images and video)
- Best for content having shorter term value or and for Q&A
- Great for “getting the word out” quickly
 - Summary notifications go to all NARS members via e-mail
- Categorize posts by Forum - ***Swap-meet, Elmering, Field Day, and General Info*** Forums are popular.
- Most forums are public. ***Members*** forum is only visible to NARS members.

Posting Checklist

- Decide whether to create a ***Blog Post*** or a ***Forum Post***
 - Perhaps sketch out an outline if your post will be longer than a paragraph or two...
- Gather your media files
 - Name your files to provide captions or titles for your images
 - Adjust resolution to 1024x768 if you can easily do this with existing software tools
- Login to n1fd.org
- Start your Blog Post (article) via the ***Articles Menu*** on n1fd.org
- Start your Forum Post by selecting the Forum that you want to post in from the ***Forums Menu*** on n1fd.org
- Create your post on n1fd.org and submit it for moderation
 - Upload your images
 - Write your article
 - Add section headings, hyperlinks, proofread, and adjust formatting
